AVOID THE KNIFE.

Cutting Won't Cure Piles—Internal Treatment Needed.

A gardener doesn't kill weeds by cutting their tops. He attacks the root just so with piles—the cause is within, entirely out of reach of surgical instruments, ointments or suppositories. The only cure for piles is internal, and the only guaranteed internal remedy is Dr. Leonard's Hem-Roid. It has cured 98 per cent of cases, and 24 days' treatment is sold for \$1 at the Red Cross Pharmacy, under positive guarantee. Or mailed by Dr. Leonard's Co., Station B, Buffalo, N. Y. CABOT.

Ida A., daughter of Mr. and Mrs. Hiram Walker, died at the home of her brother Chester, June 6. She was born in this town and lived here until 18 years of age. When 11 years old her father died, leaving a frail mother and five children. Ida being the eldest, it devolved upon her to assist in caring for the younger ones, which she faithfully and bravely did. At the age of 18 she went to Lawrence, Mass., where she was employed by her uncle in the cotton mill; later she went to Lowell, where she worked days and cared for her invalid mother through the nights, who for seven years was confined to a wheelchair. Yet during all these trials and afflictions she manifested that courage, self-denial and unflinching faith in her Maker which is only possessed by one whose heart is full of love and pity for suffering ones, which proved her to be a devoted daughter and sister. After seeing her three sisters and mother laid away to rest, her own health failed and for the past five years has needed that same care which she had shown to them. Three years ago she came to live in her brother's home, where she has been under the approval of God, feeling assured "They shall not lose their reward." After being deprived of sight and very dear but patience never faltered and was ever ready to say "Whom the Lord loveth he chasteneth." She was a member of the Free Will Baptist church in Lowell, Mass. Funeral services were held at the home of her brother, Rev. W. T. Sparhawk officiating, the remains being laid to rest beside those of her father and mother in the upper village cemetery. I cannot always see the way that leads to light above.

NORTHFIELD

Fire of Mysterious Origin on Monday Afternoon.

For the first time in some months, the Northfield fire department was called out Monday afternoon by an alarm at about four o'clock. The hose and hook and ladder companies responded with splendid promptness and found the barn and shed near the house owned by Mrs. Harrington on Railroad street on fire. It was just six minutes after the alarm was sounded that a stream of water was on the burning structures. The fire had made such progress that there was no chance of saving these buildings, which were old and burned like tinder. The several houses in the immediate vicinity which were greatly endangered were protected and the fire confined to the buildings where it caught. The loss is small, as the burned buildings were not valuable. The cause of the fire is not yet known, but it revealed a dangerous state of affairs in which two men and two women are involved, according to what appear to be reliable reports, but no arrests were made. It is understood that an investigation of the whole matter is to be made by the authorities as, certainly, it should be.

M. D. Smith returned Sunday from a trip in the West in the interest of the Northfield Savings bank and Norwich university. Some of the principle places visited were Sapulpa, Tulsa, Muskogee, Ardmore, Chickasha, El Reno, Oklahoma City and McAlester in the state of Oklahoma. He also visited Kansas City, Omaha, Lincoln, Col., and Buffalo, N. Y. Mr. Smith made a real estate investment in Oklahoma and contemplates taking his family there and spending the winter, as he is much pleased with the country and its prospects. A. E. Denny, who accompanied Mr. Smith, stopped in Topeka, Kan., and will return the last of this week with his sister, Mrs. Whittemore.

During the past week the repairs on St. Mary's church, Northfield, have been completed and the church has been thoroughly cleaned and put into proper order. During the spring a steel ceiling was put up, the work being done by the Babcock Lumber company. Messrs. Cleveland and Silver did the decoration work on the ceiling and Guy Coburn had charge, painting the walls. The ceiling is done in shades of green and the paper is a darker shade of the same color. The whole effect is very pleasing and harmonious, and the church is now one of the most attractive in the village. The parishioners are planning to paint the exterior in the near future. These extensive repairs were made possible by the generous donation of communicants both in and out of the parish.

CORINTH.

Ernest Blake and wife have moved back into John Hoyt's house.

Glenn Jewett from Hyde Park is visiting at C. W. Eastman's.

Wallace Chalmers and family have moved back to town.

E. C. Woods and family are at their summer home on Golden Hill.

Albert Magoon is in town from Hyde Park visiting his mother and sister for two or three weeks.

Mrs. Mary Munson, who has had the telephone switch for the past six years, will take a needed rest as the switch has been removed to Carroll's Child's.

The O. E. S. meeting met Saturday night. All members come out.

Mr. and Mrs. C. W. Eastman were in Barre City last Wednesday.

C. Corlies from Chelsea and Mrs. Dean Corlies from New York called at Mrs. Mary Munson's last Sunday.

ONE KILLED IN AUTO WRECK.

Four Other Men Are Injured in New York.

New York, July 1.—Thomas B. McRae, a policeman, was instantly killed, and four other men injured, one fatally when a borrowed automobile in which they were riding was overturned on the way to Coney Island yesterday.

The car had been borrowed by George Freney from his cousin, Miss Clara Krepper, of Brooklyn, its owner, and Olney was giving the other men a ride. The car was going at high speed when a passenger stepped from a trolley car directly in front of it. A sudden twist of the steering wheel to avoid the passenger sent the automobile skidding against a curb, the car was overturned and its occupants thrown out or pinned under it. Policemen, McRae's neck was broken and John Brehm, another of the riders, suffered concussion of the brain and internal injuries from which he may not recover. Three other men were painfully bruised, but Olney escaped injury and disappeared. The car was wrecked.

Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men who lived 100,000 years ago, when life was in constant danger from wild beasts. To-day the danger, as shown by A. W. Brown of Alexander, Me., is largely from deadly disease.

If it had not been for Dr. King's New Discovery, which cured me, I could not have lived. I was suffering as I did from a severe lung trouble and stubborn cough. To cure sore lungs, colds and obstinate coughs, and prevent pneumonia, it's the best medicine on earth. 50c and \$1.00. Guaranteed by the Red Cross Pharmacy. Trial bottle free.

MONTREAL MILLIONAIRE KILLED.

W. O. McIntyre, Prominent Merchant, Victim of Automobile Accident.

Montreal, July 1.—W. O. McIntyre, one of the leading business men of Montreal, was almost instantly killed last evening in an automobile accident near the city.

The party had been out at the Forest and Stream club and were returning home. Rounding a curve in the road, the big machine ran into a telephone pole and overturned. McIntyre's skull was fractured and he died before medical assistance could be secured.

LIKE OLD FRIENDS

The Longer You Know Them the Better You Like Them.

Doan's Kidney Pills never fail you. Barre people know this. Read this Barre case. Read how Doan's stood the test for many years.

It's local testimony and can be investigated:

Mrs. William Stephens, 78 Maple avenue, Barre, Vt., says: "In 1905 Mr. Stephens gave a testimonial in favor of Doan's Kidney Pills to the effect that his mother had used them and found great relief from backache and kidney trouble. I know that she still thinks well of the remedy and takes it whenever her kidneys trouble her. About two years ago Mr. Stephens also began to be bothered by his back and kidneys. Hard work undoubtedly being the cause of the trouble. He used Doan's Kidney Pills and found them very effective. The completely relieved the pain and lameness in his back and corrected the irregular passages of the kidney secretions. He procured this excellent remedy at E. A. Brown's drug store."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Question of Heredity in Cancer.

Results recently obtained in experimental breeding indicate that cancer is hereditary—at least in mice. In the tople than this, families in which cancer seems abnormally prevalent are familiar facts of every-day life. Several of these apparently cancerous whole perplexing subject there has probably been no more controversial families, the most notable being the Bonapartes, have figured in history. Napoleon himself died of cancer of the stomach, as did his father, his brother Lucien, and his sisters Caroline and Pauline. Among human beings, however, cancer is so common that any large family is almost certain to have its victims. On the other hand, the fact that when cancer is common in a family it almost always takes the same shape in all sufferers—the cancerous Bonapartes, for example, all dying of cancer of the stomach—supports the popular idea that heredity is an important factor. Recent experiments at the Harvard Medical school, conducted by Dr. E. E. Tyzzer, tend to substantiate this impression.

Dr. Tyzzer found a female mouse with a large growing tumor and mated her with a normal healthy mouse. In a short time this couple had one hundred descendants, all of whom were kept under close observation. Of the sixty-five that reached the cancerous period, twenty developed natural tumors, of which they ultimately died. One in every three, in other words, fell victims to the mother's disease.—Burton J. Hendrick in the July McClure's.

Castile Soap

Some soaps sold under the name of Castile are not only a libel on honesty, but are injurious to the skin.

These are usually made from slaughter house refuse and commercial washing soda. What do you think about that? (We sell)

"Monarch Castile Soap"

a pure white and antiseptic soap, made from pure olive oil, and a chemically pure potash. This process insures a pure Castile Soap with no free alkali, which is so injurious to the skin.

For the baby there is nothing better in the soap line although it is not scented, and your doctor will tell you so.
